February 25, 2022

Dear Valued Customer,

We are sorry to announce that TnT Trash Services, LLC will no longer be providing regular trash service in your area. You can visit our website at www.tntrashservices.com to see services we will continue providing such as bulk services.

This letter is to announce the transition of your account to Evergreen Disposal as of February 14th, 2022. Given that Evergreen Disposal is already servicing residents in your community the transition should go smoothly.

By now, you should have received, or will receive shortly, a letter from them introducing themselves and/or explaining their account setup, rates and pickup days.

If you have received an invoice from TnT Trash Services LLC you can still send your payment to us to avoid disruption in service. Your next quarter invoicing will come from Evergreen Disposal Services.

In the meantime, if you have any questions about your trash service, please do not hesitate to contact Evergreen Disposal Services at 240-468-6677 or visit their website at <https://evergreendisposal.com/>.

It has been our pleasure to service your trash needs. We appreciate all the support you have given us and our family over the years! We are confident that Evergreen Disposal will continue to provide the service you deserve.

Sincerely,

Tony Proctor, Jr.
